

The Better Choice

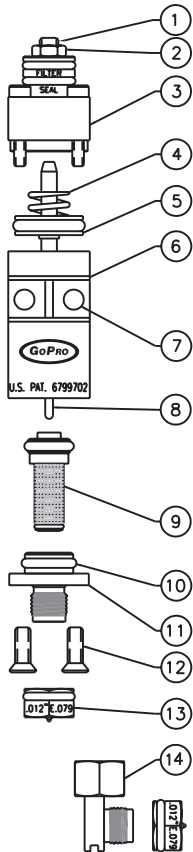

Next Level Technology™

GoPro plug-free filtered valve modules, nozzles, & accessories install in under 2 minutes onto hot melt adhesive / glue dispensing system's guns or heads used on most automatic packaging lines to glue cartons, cases, trays & bags.

Order with nozzle close to size now used and adjust system's adhesive / glue pressure to vary bead volume to desired output

Add a GoPro # 39503 adapter for adjustable right angle dispensing of a nozzle.

U.S. Patent No. 6,799,702

1. Adjustment screw for stem stroke
2. Locknut to secure adjustment screw
3. Air cylinder & securing screws
4. Compression spring
5. Floating valve stem assemble with piston & seal
6. Module body
7. Industry standard mounting holes
8. Tungsten carbide valve stem
9. Adhesive Seal & Filter Cartridge
10. Nozzle adapter seal
11. Nozzle adapter with seat
12. Securing screws (nozzle adapter)
13. Micro-Cavity nozzle (optional)
14. Hot Melt Nozzle Adapter for adjustable right angle dispensing

USA PRICE LIST - NEXT LEVEL TECHNOLOGY™ HOT MELT VALVES & NOZZLES

GoPro Next Level Technology Filtered Hot Melt Valve Modules						
Part #	Filtering	Description			Price Per Each	
76106	.048"	Valve Module, E-Series, AOSC, replaceable adhesive seal & filter cartridge, 3/8-24 nozzle adapter. Operates on same mounting and porting pattern of other brands: H-200, H-400, H-440, CB, SLB and SUR module styles			\$119	
76116	.008"				Most Widely Used	\$119
76126	.016"					\$119
81012	.048"					\$119
AOSC	Air-Open, Spring-Close	81112	.008"	Valve Module, E-Series, AOAC, replaceable adhesive seal & filter cartridge, 3/8-24 nozzle adapter. Operates on same mounting and porting pattern of other brands: Mod Plus module styles		
AOAC	Air-Open, Air-Close	81212	.016"			
GoPro NLT Filtered Hot Melt Valve Modules With Single Orifice Nozzle (Straight)						
Part #	Description			Price Per Each		
76116008	A 76116 Valve Module with .008" (.20mm) diameter single orifice nozzle			\$129		
76116012	A 76116 Valve Module with .012" (.30mm) diameter single orifice nozzle			Most Widely Used \$129		
76116016	A 76116 Valve Module with .016" (.40mm) diameter single orifice nozzle			\$129		
76116020	A 76116 Valve Module with .020" (.50mm) diameter single orifice nozzle			\$129		
76126028	A 76126 Valve Module with .028" (.60mm) diameter single orifice nozzle			\$129		
AOSC	Air-Open, Spring-Close	76126040	A 76126 Valve Module with .040" (1.00mm) diameter single orifice nozzle		\$129	
GoPro Valve Module Adapter Plate Kit For H-20 Style Gun Bodies						
Part #	Description			Price Per Each		
53010	Kit, adapter plate changes the mounting pattern of other brands H-20 style gun bodies to accept GoPro NLT™ AOAC (Air Open, Spring-Close) valve modules. Kit includes adapter plate, 2 o-ring seals, and 2 mounting screws.			\$30		
GoPro Micro-Cavity™ Precision Single Orifice Nozzles (straight)						
Part #	Code	Description			Price Per Each	
30202	Purple	Nozzle, 3/8-24 threads, Micro-Cavity™ single orifice .008" (.20mm) diameter			\$16	
30252	Blue	Nozzle, 3/8-24 threads, Micro-Cavity™ single orifice .010" (.25mm) diameter			\$16	
30302	Green	Nozzle, 3/8-24 threads, Micro-Cavity™ single orifice .012" (.30mm) diameter			Most Widely Used \$16	
30352	Yellow	Nozzle, 3/8-24 threads, Micro-Cavity™ single orifice .014" (.35mm) diameter			\$16	
30402	Orange	Nozzle, 3/8-24 threads, Micro-Cavity™ single orifice .016" (.40mm) diameter			\$16	
30452	Red	Nozzle, 3/8-24 threads, Micro-Cavity™ single orifice .018" (.45mm) diameter			\$16	
30502	Beige	Nozzle, 3/8-24 threads, Micro-Cavity™ single orifice .020" (.50mm) diameter			\$16	
30602	Gray	Nozzle, 3/8-24 threads, Micro-Cavity™ single orifice .024" (.60mm) diameter			\$16	
30702	Black	Nozzle, 3/8-24 threads, Micro-Cavity™ single orifice .028" (.70mm) diameter			\$16	
30002	Turquoise	Nozzle, 3/8-24 threads, Micro-Cavity™ single orifice .040" (1.00mm) diameter			\$16	
GoPro GIA™ Nozzle Adapter For Adjustable Right Angle Dispensing						
Part #	Description			Price Per Each		
39503	GIA™ Swivel & Lock Right Angle 3/8-24 Nozzle Adapter. (Accepts any industry standard 3/8-24 threaded nozzles). Eliminates the need for right angle nozzles.			\$18		
Replaceable Adhesive Seal & Filter Cartridges For GoPro Filtered Valve Modules						
Part #	Code	Adhesive Seal Description	Code	Filtering Description	Price Per Each	
75108	Brown	30 Million Cycle Life	Purple	.008", Rigid Particle Filtering	Most Widely Used \$24	
75116	Brown	30 Million Cycle Life	Orange	.016", Rigid Particle Filtering	\$24	
75148	Brown	30 Million Cycle Life	Black	.048", Rigid Particle Filtering	\$24	
GoPro MFC Filtering For Other Valve Module Brands						
Part #	Code	Description			Price Per Each	
75008	Purple	MFC Module Filter Cartridge .008" rigid particle filtering, installs into H-200, CB style OEM conforming hot melt valve modules to cure nozzle plugging. This MFC is normally used to filter nozzle orifice sizes below .024" diameter.			Most Widely Used \$14	
75016	Orange	MFC Module Filter Cartridge .016" rigid particle filtering, installs into H-200, CB style OEM conforming hot melt valve modules to cure nozzle plugging. This MFC is normally used to filter nozzle orifice sizes .024" diameter & above.			\$14
